DETAILED ACTION

Response to Arguments

1. Applicant's arguments, filed 7/18/05, with respect to Stead (US Patent # 5,235,769) have been fully considered and are persuasive. The rejection of claims 1-8 has been withdrawn.

Allowable Subject Matter

2. Claims 1-8 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose the claimed a projectile launcher comprising a body, the body defining a receiving area for receiving a cartridge projectile mounted to a housing, the body defining a tubular passage and a chamber leading to the receiving area, the chamber positioned generally opposite the tubular passage, a breechblock movably positioned in the chamber, the breechblock movable between a retracted position and an forward; a trigger mechanism connected to the breechblock, the trigger mechanism including a firing pin moveable to a position in which it contacts a portion of the cartridge in the receiving area when the breechblock is in the forward position; an extractor adapted to contact the cartridge when the cartridge is in the receiving area and retain the housing of the cartridge upon firing; an ejector coupled to the breechblock and movable from a first retracted position to a second extended position, the ejector when moved from the first position to the second position pressing downwardly upon the retained housing to force the housing outwardly of the body through an opening therein; and a follower coupled to the ejector and configured to move downwardly from a first position to a second position when the ejector is moved to its second position, the follower when moved from its first to its second position adapted to move a cartridge into the receiving area..
